Dear Oregon Congressional Delegation,

I am writing on behalf of Express Employment Professionals to urge you to support the Jordan Cove Energy Project. Express Employment Professionals serves local businesses with both full-time and temporary staffing and job placement in addition to providing human resource services and consulting.

The Jordan Cove Energy Project will provide a huge boost to Southwest Oregon and give our region the tools it needs to keep growing well into the future. Whether it is as a result of the infrastructure improvements resulting from this project, the affordable energy that will be available to new firms, or the tens of millions of dollars in tax revenue (or payments in lieu of taxes) the project will generate for Coos, Douglas, Jackson and Klamath counties which will in turn be used to improve local services and boost area schools, the fact is that the Jordan Cove Energy Project will create hundreds of new – and permanent – family-wage jobs in Southwest Oregon.

Many people are eagerly awaiting completion of this project – they were forced to move away because they couldn't find a job and now they want to come home. Jordan Cove Energy Project is going to make this a reality – and we stand ready to help accommodate the influx of people we expect the Jordan Cove Energy Project to bring to the area.

Your backing is as important as ever. We hope we can count on you to support this important project.

Sincerely,
